

19th April, 2017

Congratulations!

We are very pleased to announce that Paul Kalungi has been selected for The Inspire Africa 2017 cohort II Leadership and Entrepreneurship Development Fellowship Program for Youths in Africa.

We are delighted that you and your social mission emerged from this highly selective process to stand out amongst many impressive candidates who generated an extremely tough competition this year. We only accept 10 - 15 fellows per batch so that we can effectively equip and engage you qualitatively.

We share the enthusiasm, vision and interest in your leadership development that you demonstrated during the application process. Through participation in our Fellowship Program, you can expect to improve your leadership skills, build your team and scale your enterprise to accelerate the social impact in your community. This will be a life-changing and rigorous journey, and we are here to support you in becoming a better leader for social impact at every step along the way.

The program will commence from 4th June (Arrival) to 18th June (Departure), 2017. At the following location: 45A Kogoro street, Ireto Road, Sapele, Delta State, Nigeria. Once again, congratulations! We look forward to hearing from you soon and formally welcoming you to the 2017 Inspire Africa Fellowship cohort.

Warm regards,

Cynthia MENE

Director Inspire Africa Institute
